Set high in the lovely Hampshire countryside with a superb view over three counties, Priors Dean must be a strong contender for the most beautiful vineyard in England.

Beech Hanger Gold is named after the wooded hills which run between Alton and Petersfield and can be seen from the vineyard. The varieties grown are Bacchus, Madeleine Angevine, and Seyval Blanc which are blended to produce an excellent white wine in the modern English style.

Crisp and fruity, reminiscent of gooseberries and English apples straight from the tree, it is ideal with salads or fish and makes an excellent aperitif.

Best when served lightly chilled. We hope you enjoy our wine!
